

Shayne Ross Finds The One

After weeks of searching the island for a leading lady, singer/songwriter Shayne Ross has finally found 'The One'. The artiste was on the hunt for a costar for his upcoming music video which will be shot at the end of this month. Many local models sent in applications for the post until it was narrowed down to the best of the best at an audition last weekend. Over twenty five models came to the Village Inn & Spa at Rodney Bay to vie for the title of 'Shayne Ross's Leading Lady'.

The judging panel including the singer, his publicist Esther Lee, manager Kwen James, and Davina Lee who will direct the music video, thoroughly interviewed all of the possible candidates so that a perfect choice could be made. Shayne Ross's single 'Take You Home' which will be filmed, is a sexy, sizzling song that will be shot in many gorgeous locations around St. Lucia.

According to the judges, who heavily debated the choice, the final pick fulfilled all of the requirements. Not only did the leading lady have to be extremely beautiful and exotic, she also had to have a dynamic personality which could translate in front of the camera. After hours of deliberation, Makeedah John walked away with the title. Makeedah who has never modeled before said that she attended the audition because she thought that it would be a fun experience. The 23 year old novice wowed the judges with her natural beauty, amazing athletic body and engaging personality. Makeedah is now on summer vacation and will soon return to University in Quebec to complete her degree in Biology.

In addition to singing and writing his own music, Shayne produces many hot tracks including 'Breed' for St Lucian performer Cherry L. He has collaborated with the best local producers including Sherwin 'Dupes' Brice and Francis 'Leebo' Delima on his music. In the July/August issue of SHE Caribbean Magazine, Shayne was named as the 'One to Watch' in the Caribbean's music industry.

Shayne has opened up for acts such as Jamaican superstars Voicemail, and has performed at the St. Lucia Jazz Festival 'Jazz on The Square'. It is only a matter of time for this sexy singer to become the main act. With his music, Shayne wants 'to keep on expressing himself and give people something that they can relate to, that they can groove to and to create music that lasts forever'. The music video will be launched at the end of August.
